Email: [office@optionsholidays.co.uk](mailto:office@optionsholidays.co.uk)  
website: [optionsholidays.co.uk](http://optionsholidays.co.uk)

**You have requested shaving support on your holiday.**

**Please read the details below carefully and ensure that you bring everything you need so we will be able to support you.**

### Shaving Policy 2023

If you need support with **electric shaving**, our staff will be able to help you only if you bring the following with you:

- Your fully charged electric shaver and /or
- An adaptor that will fit the electricity supply in the country you will be going to.

**IMPORTANT:** make sure the shaver is clean (i.e. the shaver head has been removed and the parts cleaned).

If you need support with **wet shaving**, you must tell us when you book the holiday, so we can ensure we send the appropriate supporters to help you.

Wet shaving equipment should include:

- A new disposable razor (or refill) - enough for the whole holiday period
- A new can of shaving soap

If you cannot supply the above items, we will not be able to help you to shave. It is not always possible/convenient to get hold of personal hygiene equipment during the holiday.
